Spotter guide:

## WINTER

How many of these winter signs can you spot when you're out and about?

Royal Botanic Gardens  
**Kew**

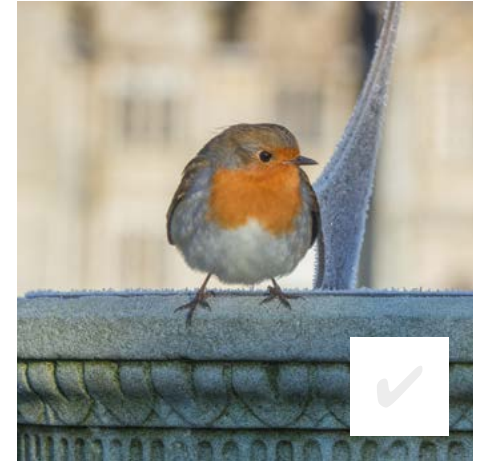

### Holly

Search for prickly leaves and bright red berries. Carefully feel the shiny leaves.

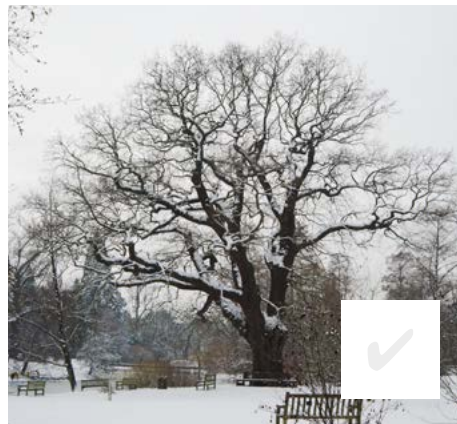

### Animal homes

Hunt for tunnels dug into the ground. Who do you think lives there?

### Robin

Observe a cheerful robin. Can you mimic its movement?

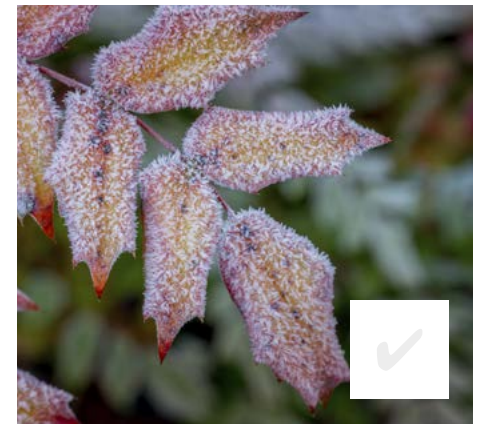

### Trees

The trees are bare. Look at the interesting shapes their branches make.

### Winter flowers

Have a sniff – winter flowers are often scented to attract pollinators!

### Frost

On cold days, winter frost decorates the plants. Touch its icy surface.
